

MathExpo  
A Site Dedicated to College Level Mathematics  
&  
Accessibility  
Mohsen Maesumi  
Lamar University, Beaumont, Texas

**HTML page** (For MAC Preview, Browser-based PDF Viewers, Phones, Tablets)

Instructions: If this is not your default browser [click here](#) to open it. Choose a Course, then choose a Scroll to view a video, or choose an App to go to an interactive page. When closing a page, answer NO, if prompted. After opening a menu, click outside of it to close the menu.

Troubleshooting: The interactive PDF elements used here employ JavaScript and are to be opened using [Adobe Reader](#) on PC or MAC. Most simplified PDF readers, including Mac's Preview and Chrome's or FireFox's built-in PDF viewer, do not have the necessary JavaScript support. Neither does the Adobe Reader version for phones and tablets. See [How to make Adobe the default viewer on Chrome](#).

Windows Media Player Version:

Mac/Win Version:

Where do rainbows come from? An invitation to mathematics. [Powerpoint slides](#) and [Lab](#).
